

CONTENTS

| | |
|--|------------|
| AMELIORATION, FARMING, CROP PRODUCTION..... | 5 |
| Bahan A.V., Shakaliy S.M., Yurchenko S.O., Ivashchenko V.M., Barabolia O.V., Pokotylo A.V. Formation of biometric indicators and yield level of corn hybrids by maturity groups..... | 5 |
| Barat Yu.M., Natalevych V.V. Productivity of grapes depending on the application of microbiological fertilizers | 9 |
| Vozhegova R.A., Lavrynenko Yu.O., Marchenko T.Yu., Piliarska O.O., Mishchenko S.V. Weight of 1000 grains and yield of maize hybrids depending on the density of sowing and treatment with biological products..... | 13 |
| Vozhehova R.A., Lykhovyd P.V., Biliaieva I.M., Boitseniuk K.I. The level of information support for aromatic and medicinal plant growing in Ukraine..... | 19 |
| Hlupak Z.I., Butenko A.A., Shkurat S.V. Soybean productivity depending on inoculation and biological growth regulators in the conditions of the north-eastern part of the Forest Steppe of Ukraine..... | 23 |
| Dymov O.M., Holoborodko S.P. Water supply of the Steppe Zone of Ukraine and rational use of irrigated land in the conditions of regional climate change..... | 27 |
| Zhuikov O.G., Lavrys V.Yu. Quantitative and qualitative indicators of functioning of the assimilation apparatus of ornamental sunflower at different sowing rates in the conditions of the Southern Steppe of Ukraine..... | 32 |
| Zhuikov O.G., Hodos T.A. Phytosanitary state of Sarepta mustard agrocenosis at different levels of biologization of technology for growing crops in the southern steppe..... | 36 |
| Zaiets S.O., Rudik O.L., Onufron L.I. Optimization of sowing dates of winter barley in the irrigation zone of the Southern Steppe of Ukraine in the aspect of current climate change..... | 40 |
| Kyryliuk V.P., Krychkivskiy V.M. Modern adaptive systems of the main main tillage for spring barley..... | 45 |
| Koval G.V., Yeshenko V.E. The prevalence of the main diseases of crops of 5-field crop rotation at different intensities of the main tillage..... | 48 |
| Kovalov M.M. The efficiency of growing arugula in hydroponic film greenhouses..... | 53 |
| Maliarchuk M.P., Kaznovskiy O.V. Influence of different methods of basic tillage on agrophysical indicators and soybean seed yield..... | 58 |
| Marchenko K.Yu. Chlorophyll content and net productivity of photosynthesis of naked oats under the action of biological preparations..... | 62 |
| Moldovan Zh.A., Moldovan V.G. Influence of Mineral Nutrition on the formation of the leaf surface area by corn plants in the conditions of the Western Forest-Steppe..... | 68 |
| Morozov O.V., Morozov V.V., Kozlenko Ye.V. Model of formation of water quality of Ingulets irrigation system in 2021..... | 73 |
| Pavlichenko K.V., Grabovskiy M.B. Yields of green and dry mass of maize hybrids and biogas output depending of the use of macro and microfertilizers..... | 79 |
| Shvets O.M. Sustainable future in the next decade, based on soil science..... | 86 |
| BREEDING, SEED FARMING..... | 94 |
| Kosenko N.P., Bondarenko K.O. The productivity and quality of new hybrids of asparagus under drip irrigation on south of Ukraine..... | 94 |
| Kholod S.M., Illichov Yu.G., Kirian V.M., Muzafarova V.A. Characteristics of spring barley cultivar for productivity of the Southern Forest-Steppe zone of Ukraine..... | 99 |
| SUMMARY..... | 115 |
